- ❑ **Name:** Frigotermica S.r.L.
- ❑ **Material supply:** H.V.A.C. System & Equipment
- ❑ **Headquarter base:** Cornegliano Laudense (LO) near Milan - ITALY
- ❑ **Year of foundation:** 1975
- ❑ **Number of employees** N°14 Office Activities-
(headquarter): N°16 Workshop/Manufacture
- ❑ **Certification:** Quality System Certification according to UNI EN
ISO 9001:2008
- ❑ **Spaces:** 360 m² – Offices
1.080 m² – Workshop
5.000 m² - Warehouse

BRIEF PRESENTATION

Frigotermica supplies engineering equipment and materials for H.V.A.C. (heating, ventilation and air-conditioning) systems.

Frigotermica has been responding to Clients' needs since 1975.

Frigotermica manufactures the products in either the normal or explosion-proof execution.

As Frigotermica is involved with the whole process of design and manufacture, H.V.A.C. systems and equipment can be specially designed and constructed to meet the needs of each Client.

At present Frigotermica has the internal resources to supply a complete EPC H.V.A.C. system including:

- engineering;
- procurement;
- assembly and construction;
- testing;
- installation or assistance to installation;
- commissioning and start-up;
- maintenance.

All the activities are carried out internally in compliance with UNI EN ISO 9001:2008 standard.

Due to a flexible internal structure and staff experience Frigotermica is able to provide a product tailored to your need.
